 [www.olusola.tech](https://www.olusola.tech)

I have been working with web development since 2018, the period during which I have worked personally to develop myself and I've been able to intern with a start-up and build an Enterprise Resource Planning (ERP) with a team of engineers. I am a self-motivated and self-taught professional who likes to solve problems.

I merge a passion for usability with technical knowledge to create cool digital experiences. My repertoire includes programming languages and tools such as HTML-CSS, Vanilla Javascript, Angular, Typescript, NodeJS, MongoDB, Wordpress, Twitter Bootstrap, jQuery, and more.

## Skills

Angular  
NodeJS  
React  
Python  
CMS (Wordpress)  
Figma
